Where Learning has a purpose

A drive towards change!

Billabong High International School Kelambakkam held the lantern high to spread awareness on Pollution and tuberculosis in the neighborhood community at Changanmal, Chennai. This awareness drive was organized as a part of their ECO club that centers on the core values of Health, Global Integration and Environment.

The children commenced the campaign laden with plaque cards voicing out slogans on pollution and tuberculosis along with their teachers from school. Adding a unique touch to this drive, the students took to bicycles projecting the benefits of the two wheeled fuel free wonder.

Having reached their campaign destination the children took turns to share their views on saving fuel and preventing tuberculosis. Dr.Rehab Nainar the Managing Trustee of Rayyan Educational Trust validated their views by sharing her point of view on Tuberculosis and its prevention as a Doctor. This awareness drive marked the start of a change that will surge to good health and public wellness.

The awareness drive was featured in Malaimalar Tamil newspaper as well!!

Senior Kindergarten Graduation Ceremony

The ceremonies at BHIS-K are always celebrated with a dash of difference and the Sr.KG Graduation Ceremony was bursting with exceptional distinctiveness indeed!! As the tiny seniors of Kangaroo Kids completed their tenure in Kindergarten school and were making their huge leap into a completely fresh world of primary schooling, the teachers and juniors had a huge Graduation Ceremony planned for them.

The event launched with a prayer by the Jr.KG children and was followed by the welcome of the Chief Guest and other dignitaries. The ceremony was graced by the aspiring pediatrician and Trustee of Rayyan Educational Trust Dr.Rehab Nainar. The parent guest of honour for the event were the parents of little Dhvithy Krishnan from Jr.KG: Mrs. and Mr. Krishnan.

The graceful dancers of Kindergarten took to stage and danced their way to everyone's heart. Following this, the Sr.KG children dressed in Graduation robes and capes walked the stage and were felicitated with Graduation certificates and scrolls. A delicious school baked cake was cut to commemorate the achievement of the little scholars.

Having achieved their pioneer milestone the graduates sang a song reflecting upon their journey in Kindergarten. Another heart stealing performance was when the teachers sang a beautiful and heartwarming song for their beloved students.

As the ceremony reached a positive conclusion, the Chief Guest addressed the gathering and inspired one and all with her enthusiastic speech. The surprise of the day was a video message from our guardian angel, our Chairperson Mr.Yasir Nainar. The programme culminated with a note by our Principal Ma'am, Ms.Asma Nainar, who wished the young graduates the best in their future endeavors.

We are certain that these little ones will bloom into great individuals.

Birthday Celebrations !!!

Summer Fresh flavours wafted from BHIS-K kitchen as students and parents of March born children flocked to sample the scrumptious treat on display. Adding to the excitement were the presence of students joining us the next academic year along with their parents. The dining hall echoed with peals of laughter and merriment from the kids enjoying the delectable spread. This luncheon was a grand platform. for interaction and networking between the staff and the parents.

Movie Time !!!

After a scrumptious meal the children got the chance to sit together with their buddies from across all grades and watch a movie! The movie critiques inside them were instigated as they shared their opinions on the famous movie Bicentennial Man!

Culminating an exciting year!!

Here are a few glimpses of the culminating activity conducted in Grade 1 and 2.

Big magic, little hands

Our little magicians of Grade 1 set the stage on fire with magic at BHIS-K. Using the magical words Abra Ka daabra, Sahasra and Tanushckaa made a paper cup float in air. Pawan Sai and Promita made a coin disappear within a transparent glass. Maanasa and Iniya surprised everyone by giving them flowers from a raw egg instead of egg yolk. Ovi and Saathvika magically changed a single coin into double then triple and earned applause for the trick. These little magicians for sure left the audience mesmerized and clueless of how they managed to pull off such professional tricks!

Dumb Charades!!

As the denouement of a wonderful academic year was reaching its fullest, the Grade 4 children were all ardent to venture the path of dumb charades. This word guessing game helped build their acting skills as they competed against each other in teams to guess words they had learned in Science and English through the academic year. This fun game was fruitful as they reflected on their learning while their confidence and creativity got a revamp.

Festive Celebrations

Priya Singh mother of Pratyush Singh of grade 4 shared her festive CELEBRATIONS with the staff of BHIS-K. This kind gesture will be cherished for years to come as celebrations are always the coming together of people and making memories!

Mark your calendars!!

The journey towards education and knowledge is a never ending one as we are all destined to be lifelong learners!
