19 OCTOBER 2022 – SPECIAL EDITION 03

PRIMARY CULMINATION

At primary school, the day started with a mixture of emotions and expressions as the students were preparing themselves for the past 10 days to give their best to the most awaited event of the term 'Culmination'. As the name suggests, the culminating event is a sum up of the learning outcomes in all the subjects throughout the term. The students displayed their academic expertise and creative skills by integrating the subjects and exhibiting them in the form of Music, dance, art and drama. Each grade level had a theme and a unique way of presenting their learning. Here are the glimpses of the event grade wise.

Grade 1- GRATITUDE

Ms. Sneha & Ms. Ganga (Grade 1 Educators)

Grade 1 students took this opportunity of culmination to showcase the beauty of earth, its language, culture and habitat. They gave the message that nature is for everyone and we should feel thankful for it.

Grade 2- RESILIENCE

Ms. Malar & Ms. Saradha (Grade 2 Educators)

Resilience

Confidence + Competence = Resilience

It's all about resilience!

Being resilient gives us the ability to tackle situations head-on, bounce back from any setbacks and have the best chance at succeeding. Resilience being the theme, the grade 2 students gave a wonderful show exhibiting their talents using the subjects as their backbone.

Grade 3- FRIENDSHIP

Ms. Anam (Grade 3 Educator)

The only way to have friends is to be one....

Grade 3 celebrated FRIENDSHIP as the theme in the culmination event.

The whole class was decorated as the Somanahalli village and the students expressed their talents with many science models and charts. The beautiful diya dance representing the light concept and the magnificent sculptures of India was the highlight of the event.

Grade 4 - AUTOBIOGRAPHY OF APJ ABDUL KALAM

Ms. Maria & Ms. Menaka (Grade 4 Educator)

The Culminating Event went off smoothly and effortlessly for the 4 th graders. An autobiography of APJ Abdul Kalam was the theme, life of APJ and his dream came alive in this culminating event. Art , ICT, Dance, Music and all the other academic subjects were incorporated and blended with finesse. The event created new learning experiences for all the students and teachers involved.

VISUAL ARTS

Ms. Shalini (Visual Arts Educator)

This culmination event provided a strong base to represent art in its various forms and techniques. Let's have a look at the artistic creations of the students

Grade-1 Egyptian Art

Students learnt about Egypt and reflected their learning in art by composing Egyptian Pyramid landscape art and Pharaohs art.

Grade-2 Science with art

Students explored and learnt light and reflection in art and exhibited their knowledge by creating day and light landscapes with sun and moon reflection.

Grade-3 Cherry Blossom Art

Grade -4 Peruvian Inca Art

Students explored Peru and created Peruvian Inca art replicating Peruvian rituals, god, animals and culture. They learnt and demonstrated Inca art with warm tones and contrasting techniques.

Middle School Culmination Day

A culminating activity is multifaceted, requiring a number of skills, different learning styles or mental intelligences, and helps to assess more than one aspect of student's achievement at the end of the term. On 14th of October 2022, the Middle School Culmination event was successfully organized and held in our physical classroom after a period of two years. The event served as an amazing platform for our middle schoolers to enhance and discover their skills and to share with others the depth and width of the knowledge they acquired over a period of six months. Our beloved Principal Ms. Asma Nainar, the senior academic coordinator Ms. Sandhya T.P. and the middle school academic coordinator Ms. Praveena Prabhakaran graced the event and congratulated the students for recapitulating the concepts using models and charts.

Ms. Bauviya & Ms. Bharathi (Middle School CBSE Educators)
