Fruit Salad Day

A Tasty Trip to the Orchard!

Ms. Madeeha A, Junior KG Educator

This week, our Junior KG children explored the orchard farm and learned about the different fruits that grow there. To make their learning extra special, they enjoyed a cheerful Fruit Salad Day.

The children watched as the fruits were cut and then happily mixed them together with honey and a sprinkle of chaat masala. They enjoyed tasting their colourful fruit salad and, with great excitement, shared it with the school staff too. It was a simple yet joyful experience that encouraged healthy eating, sharing, teamwork, and learning through hands-on experiences. The activity brought their orchard learning to life and made it a delicious and memorable experience for our little learners!

Did you know?

- **Fruits are an important part of a healthy and balanced diet.**
- **Different fruits come in many colours, shapes, sizes, and flavours.**

A Delicious Adventure in Healthy Eating

Did you know?

- Eating a variety of fruits helps us enjoy different nutrients.
- Sharing food with others helps children develop kindness and a sense of togetherness.

Roaring Dragons

Exploring Chinese Culture Through Craft

Ms. Sivaranjani S, Senior KG Educator

As part of their learning about China, the Senior KG learners explored Chinese culture through a fun and creative dragon paper craft activity. They created colourful paper dragons by carefully folding, cutting, and assembling the craft pieces.

The activity helped learners develop their creativity, fine motor skills, hand-eye coordination, and ability to follow simple instructions. Through this engaging craft, they also learned about the significance of dragons in Chinese culture and enjoyed expressing their creativity through art.

Did you know?

- **Dragons are an important and widely recognised symbol in Chinese culture.**
- **In Chinese culture, dragons are traditionally associated with strength, power, and good fortune**

Discovering Culture Through Creativity

Little Hands, Big Patriotic Hearts

Celebrating Freedom Through Creativity

Ms. Devi S., Nursery Educator

As part of our Independence Day celebrations, our KG students took part in a variety of fun and creative craft activities. They made tricolour doll puppets, beautiful butterflies, and colourful Independence Day hangings, proudly using the colours of our National Flag.

Through these activities, the children learned in a simple and meaningful way about what independence means and why we celebrate Independence Day. They were also introduced to important national symbols of India, including our National Flag and other symbols that represent our country.

The little ones enjoyed creating, colouring, cutting, and decorating while developing their fine motor skills, creativity, and imagination. More importantly, the activities helped them develop a sense of love, pride, and respect for our nation.

With little hands and big smiles, our young learners celebrated the spirit of freedom and showed that even the smallest citizens can carry a big heart for their country!

Did you know?

The Ashoka Chakra at the centre of the flag has 24 spokes.

Craft activities help young children develop fine motor skills, creativity, and hand-eye coordination.

Crafting with Pride, Growing with Love for Our Nation

Crafting with Pride, Growing with Love for Our Nation

Crafting with Pride, Growing with Love for Our Nation

Learning Beyond the Classroom

Exploring the World Through Visits

**Ms. Pallavi Patel, Kindergarten &
Pre-Primary Academic Coordinator**

Field visits provided our young learners with wonderful opportunities to extend their learning beyond the classroom and connect their lessons with the real world. These experiences encouraged curiosity, observation, and hands-on learning in a fun and meaningful way.

Our Nursery and Junior Kindergarten students had a wonderful learning experience at Fresh 2Day Supermarket, where they explored the journey of everyday items and understood how things make their way from farm to table. They explored the supermarket environment, observed different products, and learned more about the process of buying and selling everyday essentials. The visit sparked their curiosity and helped them understand concepts that are often introduced in the classroom through books and activities. It offered them a practical and engaging way to connect classroom learning with everyday life.

Students of Grade 2 also stepped outside their regular classrooms for an exciting educational visit to a plant nursery, where they explored different plants and learned about their growth, care, and importance in our environment.

These field visits were more than just outings—they were opportunities for our students to see, explore, ask questions, and learn through real-life experiences. Such experiences help children develop a deeper understanding of the world around them while making learning enjoyable and memorable.

Through these enriching visits, our students discovered that learning has no boundaries and can happen anywhere, anytime!

Did you know?

- **Field visits give children opportunities to connect classroom concepts with real-life experiences.**
- **Visiting a supermarket helps children understand everyday concepts such as buying, selling, products, and food sources.**

Exploring the Four Spheres of the Earth

Discovering the Four Layers That Support Life

Ms. Priyanka S., Grade 1 Science Educator

Students of Grade 1 actively explored the four spheres of the Earth—Lithosphere, Atmosphere, Hydrosphere, and Biosphere.

They learned that the Lithosphere includes land and rocks, the Atmosphere is the layer of air surrounding the Earth, the Hydrosphere includes all forms of water, and the Biosphere includes all living things.

Through this engaging learning experience, students understood how these four spheres are interconnected and how they work together to support life on our planet. The activity encouraged students to observe, think, and explore while developing an appreciation for the importance of protecting our beautiful Earth.

Learning About Our Earth Through Exploration

Did you know?

- The Lithosphere includes the Earth's land, rocks, and soil.
- The Atmosphere provides the air that living things need to survive.

Creating Our Colourful Imaginary Mouse

Where Technology Meets Imagination

Ms Priyanka S & Ms Madeeha , ICT Educators

Students of Grades 1 enthusiastically participated in a fun-filled ICT activity on "Creating Our Colourful Imaginary Mouse."

The young learners explored the basic concept of a computer mouse and its importance in using a computer. They were encouraged to use their imagination and creativity to design their own imaginary mouse.

The children created colourful and unique mouse designs using different shapes, patterns, and vibrant colours. Through this hands-on activity, they developed their creativity, imagination, fine motor skills, and digital awareness.

The activity made learning ICT enjoyable and interactive, allowing students to learn while expressing their creative ideas. The colourful mouse creations beautifully reflected their enthusiasm and imagination.

Did you know?

A computer mouse helps us point, click, select, and move objects on the screen.

Where Technology Meets Imagination

Did you know?

- The arrow that moves on the screen when we move the mouse is called the cursor.
- Hands-on ICT activities help children become more confident while exploring technology.

Where Technology Meets Imagination

Did you know?

- Creative activities help children develop imagination and fine motor skills.
- Shapes and patterns can be combined to create unique and colourful designs.

Geometry Through Creative Patterns

Where Shapes Meet Creativity

Ms. Sarala B, Grade 1 Maths Educator

Geometry becomes much easier and more enjoyable for children when concepts are introduced through hands-on activities. This week, our Grade 1 learners explored patterns and discovered how different shapes, lines, and designs can be combined to create interesting patterns.

As part of the activity, the students designed and created their very own basketballs, each featuring unique patterns and creative details. They enjoyed experimenting with different shapes, lines, and repeated designs while creating their basketballs.

This engaging activity encouraged students to observe patterns closely and apply their understanding of geometry in a creative way. It also helped develop their creativity, observation skills, and confidence while making mathematics a fun and meaningful learning experience.

Did you know?

- Patterns are designs that repeat in a regular or predictable way.
- Shapes and lines can be combined to create many different patterns.
- We can find patterns in nature, buildings, clothes, artwork, and everyday objects.
- Recognising patterns helps children develop logical thinking and observation skills.

Spin, Count, and Learn!

A Skip Counting Challenge

Ms. Shahana, Grade 2 Maths Educator

Mathematics became an exciting team challenge as our Grade 2 learners participated in a fun-filled Spin the Wheel – Skip Counting Challenge! The activity was designed to reinforce their understanding of skip counting in an interactive and engaging way.

Working in teams, the students took turns spinning the colourful wheel and eagerly discovered the number they had to work with. They then recalled and continued the corresponding skip-counting sequence, challenging themselves to think quickly and accurately. Their classmates cheered them on, creating an energetic and encouraging learning environment.

The activity provided an enjoyable opportunity for students to practise and recall skip-counting patterns while strengthening their number sense, mental calculation, concentration, and quick-thinking skills. Working together also encouraged teamwork, communication, and confidence.

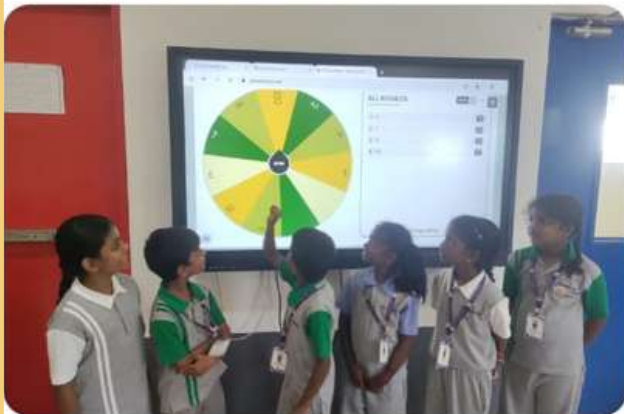

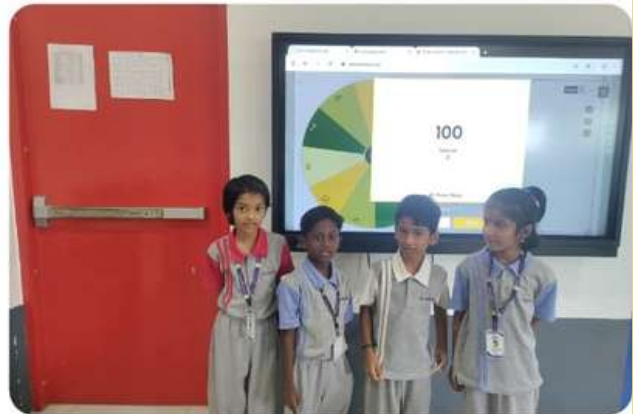

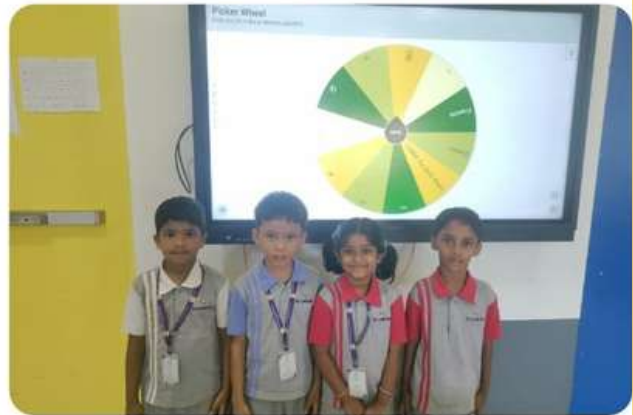

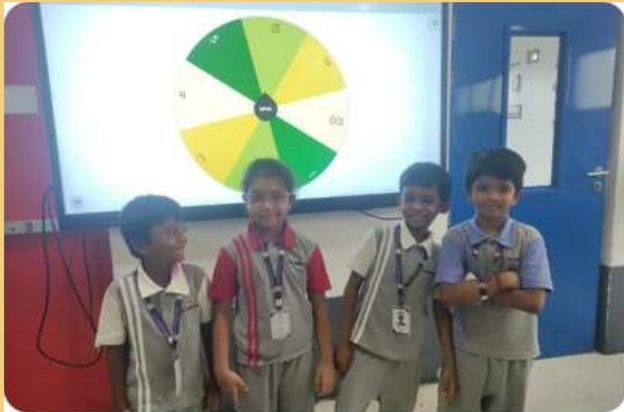

The classroom was filled with excitement and enthusiasm as the learners spun, counted, discussed, and celebrated their successes. The Spin the Wheel Challenge proved that mathematics can be both meaningful and fun when learning comes through play, participation, and teamwork!

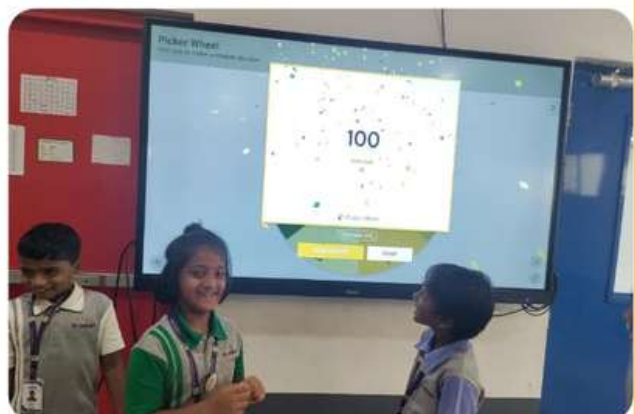

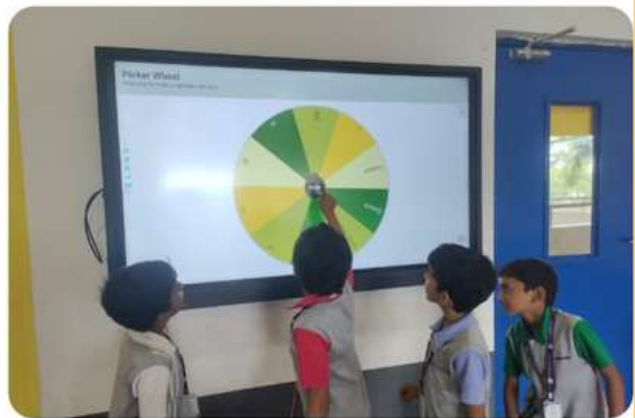

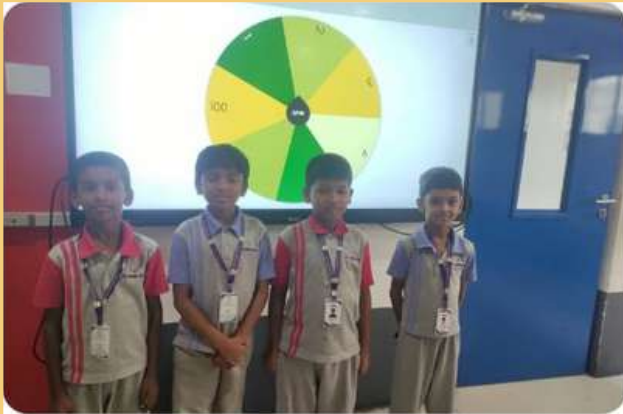

Did you know?

- Skip counting helps us count equal groups quickly and easily.
- Skip counting is an important foundation for learning multiplication tables.
- Recognising number patterns helps children develop mental maths and number sense.

Spinning Our Way to Mathematical Success

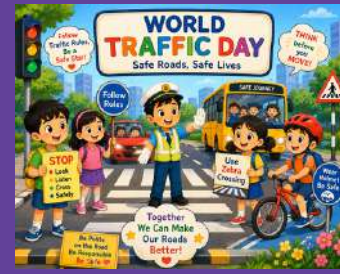

Spinning Our Way to Mathematical Success

Did you know?

- **Traffic rules help keep drivers, passengers, cyclists, and pedestrians safe.**
- **We should always look both ways before crossing the road.**
- **A zebra crossing is a designated place for pedestrians to cross the road safely.**
- **Wearing a helmet while riding a two-wheeler helps protect the head during an accident.**
- **Seat belts help keep passengers safe by reducing the risk of injury during sudden stops or collisions.**

Stop, Look, Listen, and Cross Safely!

From Drops to Daily Life

Different Ways We Use Water

Ms. Niveditha, Grade 3 GP Educator

Today, the students of Grade 3 participated in an engaging art-based learning activity on “Different Ways We Use Water.” The activity helped students understand that water is an essential part of our everyday lives and is used for many different purposes.

Students were encouraged to think, observe, and express their ideas through drawings. They illustrated various ways water is used in their daily lives, such as drinking, brushing teeth, bathing, cooking, washing clothes and dishes, watering plants, and cleaning.

Through this activity, students connected their classroom learning with their own experiences at home. They also understood the importance of using water wisely and avoiding wastage.

The activity encouraged creativity, critical thinking, observation, and awareness about water conservation. It was a fun and meaningful way for students to learn that every drop of water is precious and should be used responsibly.

“Every drop counts – Save water, save life!”

Water is essential for people, animals, plants, and all living things.

We use water every day for drinking, cooking, cleaning, and growing food.

Plants need water to grow and stay healthy.

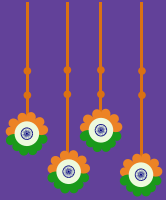

Did you know?

Tricolour Hearts

Celebrating the Spirit of Independence

Ms Sivaranjani S., Art & Craft Educator

As part of the Independence Day celebration, the Art and Craft students created beautiful heart-shaped badges using the colours of our national flag. They carefully arranged saffron, white, and green to create the tricolour design and added satin ribbons to complete their badges.

This creative activity helped students develop their artistic skills, creativity, and fine motor coordination while expressing their love and pride for our country. The colourful badges reflected the spirit of patriotism, unity, and creativity, making the Independence Day celebration truly special.

Did you know?

- The three colours of the Indian national flag are saffron, white, and green.
- The Ashoka Chakra at the centre of the flag has 24 spokes.

A Journey Through Railway History

Exploring the Past, Discovering the Future

Ms. Bitha Vinod, Grade 6 Educator

Students of Grades 6, 7, and 8 had an exciting and memorable educational visit to the Integral Coach Factory (ICF) Railway Coach Museum, Chennai. The visit offered them a wonderful opportunity to explore the fascinating world of Indian Railways and learn about its rich history.

The students explored the museum and observed vintage railway coaches, locomotives, models, and displays that showcased the development of railway coaches over the years. They also viewed photographs and historical information about ICF, which helped them understand how railway coaches have evolved over time.

The visit was not just about learning—it was also filled with fun, laughter, and togetherness. The children enjoyed their meals with friends, explored the museum enthusiastically, clicked lots of photographs, and created many happy memories. They were especially excited to step inside the old coaches and observe their unique features.

Overall, the visit to ICF was a perfect blend of learning, exploration, and fun, giving students a memorable experience beyond the classroom. It was truly a journey through the past that sparked their curiosity about the fascinating world of railways.

Did you know?

- **ICF is located in Chennai, Tamil Nadu, and is associated with the production of railway coaches.**
- **Railway coaches have evolved significantly over the years with improvements in design, comfort, and technology.**
- **Museums help us understand history by preserving important objects, photographs, and information from the past.**
- **Educational visits provide students with opportunities to learn through direct observation and real-world experiences.**

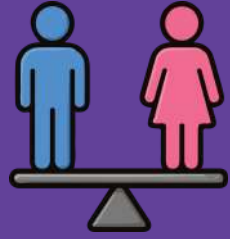

Learning Beyond the Classroom

Celebrating Equality

A Special Assembly by Grade 6B

Ms. Bitha Vinod, Grade 6 Educator

Grade 6B conducted a meaningful assembly on Gender Equality, highlighting the importance of equal opportunities, respect, and dignity for everyone. The assembly began with the School Prayer, followed by the School Song, Thought for the Day, and Word of the Day. Students then shared inspiring insights on the thought and its connection to gender equality.

A short and engaging skit on gender equality beautifully conveyed the message that everyone deserves equal opportunities, regardless of gender. The two student MCs confidently hosted the programme and kept the audience engaged throughout.

The programme continued with an inspiring speech by the Principal, followed by prize distribution to appreciate and encourage the students. The assembly concluded on a patriotic note with the National Anthem.

The Grade 6B students presented the assembly with confidence and enthusiasm, leaving everyone with a powerful message: "Equality begins with respect and equal opportunities for all."

Did you know?

- **Equality means giving everyone fair opportunities to learn, grow, and succeed.**
- **Respecting others helps create a more inclusive and supportive community.**
- **Education plays an important role in promoting equality and empowering individuals.**
- **Everyone has unique strengths and abilities, regardless of gender.**
- **Small acts of kindness, respect, and fairness can help build a more equal world**

Equal Opportunities, Equal Respect

Calligraphy Competition

The Art of Beautiful Writing

Ms Jenitha V, Primary English Educator

A Calligraphy Competition was conducted on 7th August 2026 for students from Grades 1 to 5, with the aim of encouraging beautiful, neat, and legible handwriting among young learners. For Grades 1 and 2, simple sentences were displayed on the Smart Board by the class teachers. The students carefully copied the sentences into their four-line notebooks. Their work was evaluated based on proper letter formation, appropriate spacing between words, legibility, and overall neatness. For Grades 3, 4, and 5, students were given age-appropriate writing tasks. A short paragraph was displayed for the students to copy. Students of Grades 4 and 5 also copied a page from their English novel. Their work was assessed based on letter formation, uniform spacing, readability, and overall neatness. The Calligraphy Competition provided students with a wonderful opportunity to practise and enhance their handwriting skills. It encouraged them to write with greater care, maintain proper spacing, and present their work neatly. The students participated enthusiastically and thoroughly enjoyed showcasing their beautiful handwriting. The competition was not only engaging but also helped students appreciate the art of beautiful writing and understand the importance of neat and legible handwriting in their everyday learning.

Did you know?

Calligraphy is the art of creating beautiful and expressive handwriting.

Practising handwriting helps improve fine motor skills and hand control.

Where Neatness Meets Creativity

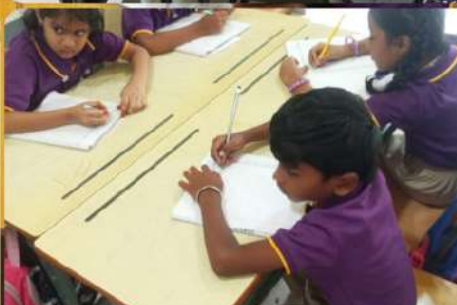

Did you know?

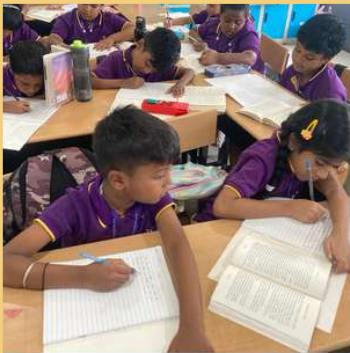

Proper spacing and letter formation make writing easier to read.

Neat handwriting can help students present their ideas clearly and confidently.

Regular writing practice helps develop better handwriting skills over time.

Where Neatness Meets Creativity

Practising calligraphy can improve focus, patience, and hand-eye coordination.

Today, calligraphy is also used in greeting cards, invitations, logs, certificates, and artwork.

Did you know?

Where Neatness Meets Creativity

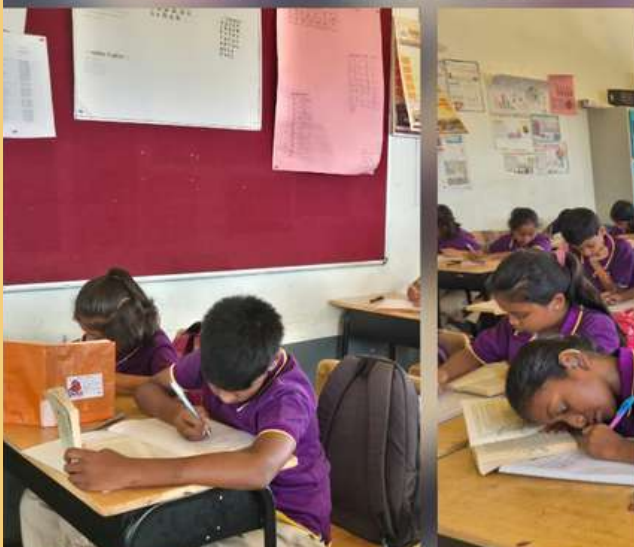

Did you know?

Calligraphy has been practised for thousands of years in different parts of the world.

It is not just about writing neatly—it is about expressing creativity through letters.

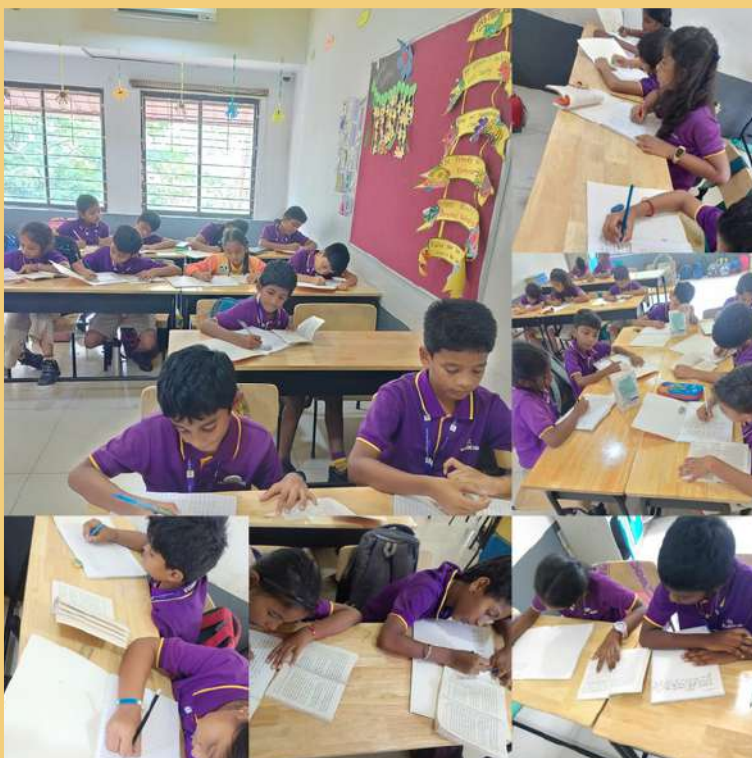

Where Neatness Meets Creativity

Did you know?

- Traditional calligraphers often used quills, brushes, and ink.
- Many cultures have their own unique styles of calligraphy, including Chinese, Arabic, Indian, and Western calligraphy.

Grade 1 & 2 Football Match

A Celebration of Team Spirit

Mr. T. Vignesh, Physical Educator

The Grade 1 and Grade 2 Football Match was conducted successfully on 7th August 2026. The event was well organised, and the students participated with great enthusiasm, displaying excellent sportsmanship, teamwork, and team spirit throughout the matches.

The young players demonstrated confidence, energy, and a positive attitude as they enjoyed the game and encouraged their teammates. The matches provided students with a wonderful opportunity to practise their football skills while learning the importance of cooperation, discipline, and fair play.

The football match provided an enjoyable sporting experience that motivated our young learners to remain active, collaborate effectively, and cultivate a passion for sports.

Did you know?

Playing football helps children develop coordination, balance, and agility.

Team sports teach children the importance of cooperation, communication, and fair play.

Billabong Students Shine at ESPERANZA 2026

Celebrating Talent, Teamwork, and Triumph Ms. Devi S., Activities Coordinator

Billabong High International School, Kelambakkam, proudly participated in ESPERANZA 2026 – Inter School Cultural and Sports Fest, hosted by Hindustan International School, Karapakkam, on 8th August 2026. Our students showcased their creativity, confidence, teamwork, and sporting spirit across a wide range of cultural and sports events.

The cultural competitions saw enthusiastic participation from our students in events such as Shipwreck, Face Painting, ReVibe (Adaptune), Mehendi, and Short Film. **Monisha of Grade 9 participated in Shipwreck**, while **Vishalini and Ashvika of Grade 8 represented the school in Face Painting**. **Samhita of Grade 10 and Monica of Grade 9 secured Third Prize in ReVibe (Adaptune)**, bringing laurels to the school. **Tansiya and Monica of Grade 9 participated in Mehendi**, displaying their artistic skills and creativity.

Our young filmmakers also made the school proud as **Sanjay Paul, Lokanatham, Abhinav, and Vijesh of Grade 9 won First Prize in the Short Film competition**. Their achievement reflected their imagination, teamwork, and ability to communicate a powerful idea through the medium of film.

The sporting events were equally successful. **Our Football team secured First Place, with Shathvegan, Sanjai Velupillai, Sachiv, and Kevin Jones of Grade 12; Kevin Ryan of Grade 10; and Dhanvanth Raghava and Adheesh of Grade 7** contributing to the team's winning performance.

Our **Throwball team** also represented the school with great enthusiasm and team spirit. The team comprised **Iniyazh and Shivani of Grade 9; Monashree, Sherin, Juanna, Aashini, Sakthi Harini, Diksha, and Thota Rishitha of Grade 11**.

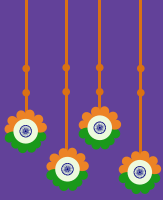

Every participant deserves appreciation for their dedication, preparation, and sportsmanship. Their willingness to step forward, compete with confidence, and represent the school is itself a commendable achievement.

The success at **ESPERANZA 2026** is a wonderful reflection of the diverse talents of our students. We congratulate all the winners and participants and look forward to many more such achievements in the future!

Where Creativity Meets the Spirit of Competition

A Celebration of Freedom and Talent

Independence Day & BGT Valedictory Ceremony

Ms. Srividya Acharya, Activities Coordinator

Billabong High International School celebrated the spirit of patriotism, talent, and achievement with a memorable Independence Day celebration and the Valedictory Ceremony of Billabong Got Talent. The event brought together students, teachers, and the school community in a vibrant celebration of India's freedom and the remarkable talents of our young performers.

The programme commenced with the hoisting of the National Flag, followed by the National Anthem, filling the atmosphere with pride and patriotic spirit. The presence of **Colonel Madhuchandra Rao, the Chief Guest**, added great honour and significance to the occasion. **Our Principal, Ms. Asma Nainar**, also graced the celebration with her presence and support.

The celebrations then moved into the Valedictory Ceremony of Billabong Got Talent, a platform that gave students an opportunity to showcase their creativity, confidence, and individuality. The programme featured a melodious choir performance and an energetic dance presentation, creating a lively and celebratory atmosphere.

Adding to the patriotic essence, students delivered an inspiring Tamil speech and Hindi poem, expressing their love for the nation and reflecting on the values of freedom, unity, and responsibility. Their confident presentations beautifully showcased the school's appreciation for India's rich linguistic and cultural diversity.

The highlight of the ceremony was the much-awaited Prize Distribution, where the winners and participants of Billabong Got Talent were recognised and applauded for their outstanding performances. The moment was filled with excitement and pride as students stepped forward to receive their well-deserved accolades.

The celebration was more than an event—it was a beautiful reminder that freedom gives us the opportunity to dream, create, and shine. Through Independence Day, the students celebrated the nation; through Billabong Got Talent, they celebrated the unique talents within each individual.

The event concluded on a note of gratitude, pride, and inspiration, leaving everyone with cherished memories and a renewed commitment to carry forward the values of freedom, unity, creativity, and excellence.

Celebrating Freedom, Talent, and Achievement

Celebrating Freedom, Talent, and Achievement

Hall of Fame

Strength, Discipline & Determination! Congratulations, Sarveshnaath! Keep inspiring, keep achieving!

Sarveshnaath R. S. of Grade 8 has brought immense pride to Billabong High International School by achieving a remarkable feat in Karate.

His dedication, discipline, perseverance, and commitment to regular practice have helped him shine in the sporting arena. This achievement is a wonderful reflection of his determination to constantly challenge himself and strive for excellence.

Karate is not just about physical strength—it teaches focus, self-discipline, confidence, respect, and resilience. Sarveshnaath's accomplishment beautifully demonstrates these values and serves as an inspiration to his peers.

We proudly celebrate his achievement and congratulate him on this well-deserved success. May he continue to train with passion, aim higher, and achieve many more milestones in the future!

Hall of Fame

A Winning Spell with the Ball!

Congratulations, Jai Sai Krishna! Keep bowling, keep shining, and keep achieving!

Jai Sai Krishna of Grade 6 has made us proud by being named Best Bowler at an event conducted by the Orange Cricket Academy.

With excellent bowling skills, focus, and determination, Jai Sai Krishna delivered a remarkable performance, taking three crucial wickets in the match. His impressive contribution and sporting spirit earned him this well-deserved recognition.

His achievement reflects his dedication to cricket and his commitment to giving his best on the field. We are delighted to celebrate his success and wish him many more victories ahead!
